

Call for interns

ICLEI – Local Governments for Sustainability South Asia is looking for an intern to support the Delhi Government in implementing Low Carbon Mobility Strategies in Delhi. This is a unique opportunity to understand the practical and operational challenges and facilitate implementation of bus-based sustainable transport on the ground. The internship will involve a mix of field and desk work, participation in meetings with multiple stakeholders and ensure that your output is used by practitioners.

Proposed internship

The proposed internship (~12 weeks) will focus on two activities:

- Create guidelines for static information system for bus que shelters (BQS) in the NCT of Delhi (~5 weeks)
- Create placement guidelines for BQS in the NCT of Delhi (~7 weeks)

Deliverables

- Report and presentation on a static information system and placement guidelines for bus shelters in Delhi.

Proposed remuneration

Rs 7,500 per month

Candidate profile

The ideal candidate is pursuing post-graduate studies in urban design/ planning, with a keen interest in sustainable transportation with very good writing and graphic skills. Knowledge of AutoCAD, GIS, MS Office and Hindi is essential.

Interested candidates should send their CVs and portfolio to Sonal Shah:

admn@urbancatalyst@gmail.com and copy to Ms. Avantika Arjuna: avantika.arjuna@iclei.org with the subject line: Internship with ICLEI-South Asia. Applications without the above details will not be considered. The position is open until filled.
